Your Lighting Choices

Room Darkening, Double-Pleated Blinds

Designed with a unique honeycomb structure, this pleated blind adds a textured appearance while working to block even the brightest sunlight.

- Energy efficient
- Easy to install
- Solar-powered and manual options available

Light Filtering, Single-Pleated Blinds

Softly diffuse the natural light from your skylight with this single-pleated blind. A perfect choice to let you enjoy all the light without the glare.

- Sleek design
- Solar-powered and manual options available

Blackout Blinds

Ideal for movie rooms and bedrooms, blackout blinds are made with a flat material designed to block all incoming light.

- Flat, complimentary design
- Wide selection of colors
- Solar-powered and manual options available

Venetian Blinds

When you want both style and comfort, the venetian blind is your best option for light control.

- Offers privacy and control of light levels
- Easy to clean
- Low-maintenance
- Manual option available

30% Federal tax credit on solar-powered blinds
Available in room darkening, double-pleated blinds, blackout blinds, light filtering, single-pleated blinds.

Your Control Options

VELUX ACTIVE

*Available only for Solar-Powered and Electric "Fresh Air" skylights

VELUX ACTIVE automatically adjusts your skylights and blinds based on the weather forecast, as well as the temperature and air quality in your home to provide you a healthier home environment. VELUX ACTIVE pairs with your smartphone to give you complete control of your skylights and blinds even when you're on the go.

Solar-Powered Control

With a concealed solar power battery, your blinds can open and close at the touch of a button, letting you ditch the rods and crank handles for easier lighting control.

KLI 110 Remote

Manual Control

When you want a simpler control for your blind and skylight, try a control rod for out-of-reach applications or a crank handle for ones in reach.

6-ft. - 10-ft. rod for operation of manual skylights (ZCT 300)

3-ft. - 6-ft. 7-in. telescopic 7 hook rod for new manual blinds (ZXT 200)

3-ft. extension for ZCT 300 and ZXT 200 (ZCT 100)

VS crank handle (ZZZ 201)

VS replacement hook (ZZZ 202)

Extension for chain operator (ZZZ 208)

Angle adapter for chain operator (ZZZ 203)

VCM crank handle (ZZZ 212)

VCM replacement hook (ZZZ 211)

Sun Screen Accessory Adapter Kit

This adapter kit is needed to enable current blind models to be fitted to skylights manufactured before 2010.

Have a fixed curb-mounted skylight?

The VELUX FCM Accessory Tray is required installation to the skylight before you can install any blinds on the skylight.

Your Blind Size

After you've found your blind type and color, ensure you're ordering the correct blind for your skylight by identifying your skylight's size, model, and production code. To determine these, locate your skylights identification tag on the skylight frame and match with the graph below.

Remember skylights manufactured prior to 2010 require a Sun Screen Accessory Adapter Kit.

Skylights	FS/FSR/ FCM	VS/ VCM	VSE/ VCE	VSS/ VCS	QPF	GPU/ GXU/ GGU
Solar-powered room darkening, double-pleated blinds	●	●	●	●	●	
Solar-powered light filtering, single-pleated blinds	●	●	●	●	●	
Solar-powered blackout blinds	●	●	●	●	●	
Manual room darkening, double-pleated blinds	●				●	●
Manual light filtering, single-pleated blinds	●				●	●
Manual blackout blinds	●				●	
Manual venetian blinds	●	● (VS only)			●	●

Notes:

- Removal of the insect screen on VS skylights is required to operate or adjust the venetian blind
- Solar blinds not available for FS A06 size
- Blinds not available for FCM sizes 1430 and 1446
- FCM skylights need sunscreening accessory tray (ZZZ 199) for blind installation
