

Above-Below Combination Flashing (3 Skylights/Windows)

VELUX produces a range of combination flashings that allow the units to be installed side by side, above and below or a combination of both. 'Combi' flashings are available with a 100 mm centre channel between the skylight or roof window in Above-Below combinations.

Above-Below Configuration

Available for FS/VS/VSE/GGL/GPL

3 Skylights/Windows

1 x EDW 0000 Single flashing kit
