VELUX conservation roof windows
For traditional buildings

When planning dictates that a window of traditional external appearance is required, conservation roof windows should be considered. All of our conservation roof windows have the same technical features of a VELUX roof window but in a traditional black conservation style.

- Available in either centre-pivot or top-hung.
- Black external profiles and glazing bar. In RAL colour 9005.
- Recessed installation for slate and tiled roofs.
- Top-hung roof windows listed below are suitable for emergency escape.
- Other sizes and glazing options available - contact us for further information.

What does a conservation package include?

- Roof window with pre-fitted glazing bar with laminated glazing as standard for safety.
- Recessed flashings available for a more streamlined external appearance.
- Insulation collar and underfelt collar provided for a weathertight and energy efficient installation.
